PROFILE

Highly motivated IT and programming enthusiast who transitioned from human medicine to pursue a passion for technology. Equipped with a strong foundation in computer science, modern web development, and AI prompt engineering. Proficient in German and English, I am currently seeking an IT vocational training (Ausbildung) opportunity in Germany to leverage my problem-solving abilities and technical knowledge in a professional environment.

TECHNICAL SKILLS

Programming: Python, SQL, C, JavaScript

Web Development: HTML, CSS, Flask, Responsive Design

IT & Infrastructure: Linux Administration, Hardware Troubleshooting, Computer Networking (TCP/IP, DNS), IT Security, Operating Systems

Tools & Platforms: Git, GitHub, VS Code, Bash/Terminal

Soft Skills: Flexibility, Problem Solving, Responsibility, Communication & Teamwork

PROJECTS

SortTube: (Mobile App) | 20 Apr 2026 – 09 May 2026

[GitHub](#)

An Android app I developed to solve the problem of cluttered YouTube subscriptions. The app helps users organize their favorite channels and playlists into custom "Folders" for easy access and a better viewing experience.

Tech Stack: Kotlin, MVVM Architecture, Retrofit, Room Database, YouTube Data API v3.
